## Robust construction yet stylish design

Simple aesthetics to blend in your interior design

**Touch and feel**  
Angled edges Simple curve dolly enhance soft switching

**Sculpture Design**  
Surround evolved up the edges, highlighting the dimensional feel and design architect

**High grade PC**  
Flame retardant and impact resistant

**Reinforced frame design**  
Mono piece design to prevent deformation

**Electric Protection**  
Socket with 3 points shutter to protect from electric shock

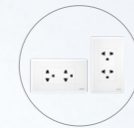

**Enhanced silver contact**  
Ensure excellent electrical conductivity, more reliable

**Phosphorus copper alloy bridge**  
Ensure excellent corrosion resistance and electrical/heat conductivity

**Clamp terminal with M3.5 screw**  
Easy terminations with sufficient space, won't damage the wire and lower temperature rise

**Flexible for mounting**  
Versatile on vertical or horizontal mounting to your choice

**Intelligent adaptive charge**  
Intelligent charging design with remarkable charging experience like original phone charging adaptors with 2.1A twin USB module
